## Experience

---

### Application Development · PSL Group · 2020 → · **React | HTML/CSS | JavaScript**

Email development as Newsletters for multiple products of the company using React, SASS, Yarn, etc. as the generator.

### 3D Web Developer (ZeYX Lab) · [Outsiders Gallery](#) · 2020 · **Three.js | HTML/CSS | JavaScript | AWS | React**

[ZeYX Lab](#) is an ongoing project which immerses spectators into a virtual world of 3D art. Originally based on [Hubs Cloud Personal](#), we decided to create our own engine with Three.js.

### 3D Web Developer (Jardines Virtual World) · [OTONO](#) · 2020 · **Three.js | HTML/CSS | JavaScript**

Creation of a 3D virtual world which is meant for you to get lost while listening to Jardines debut album [Alquitrán](#).

### Product Developer · [NUUMX](#) · 2019 - 2020 · **HTML/CSS | JavaScript | React | Digital Ocean | Webflow CMS**

Development of custom sites for clients ranging from private clients to community churches. Examples are [Zenus](#), [Cordage](#).

### Multimedia Integration | IT Advisor · [Grupo Educare](#) · 2016 - 2017 · **HTML/CSS | jQuery | JavaScript | GameMaker 2**

Integration of multimedia for creation for interactive software and ebooks.

### Creative Developer · [Animanoir](#) · ∞ · **HTML/CSS | JavaScript**

My own business. I did the website for [Sonorum \(2017\)](#) and have worked as a freelancer sometimes in multiple projects.
